FREE PANDEMIC H1N1 Immunization Clinics

SOME PEOPLE REALLY NEED TO BE PROTECTED FROM PANDEMIC H1N1 INFLUENZA AS SOON AS POSSIBLE

The pandemic H1N1 influenza vaccine is currently available at KFL&A Public Health's Pandemic H1N1 Community Immunization Clinics for the following people:

- ✓ **People under 65 with chronic conditions,**
- ✓ **Pregnant women** (see updated note on the right),
- ✓ **Healthy children 6 months to under 5 years of age,**
- ✓ **Health care workers, and**
- ✓ **Household contacts and care providers of persons at high risk who cannot be immunized or may not respond to vaccines**

Once this group is protected we will want to see every other KFL&A resident who wants the vaccine at our clinics for their pandemic H1N1 influenza vaccine.

For a list of all Pandemic H1N1 Influenza Community Immunization Clinic dates, please visit KFL&A Public Health's website at www.kflapublichealth.ca or call the Influenza Info Line at 613-549-5923 or 1-800-267-7875, ext. 500.

Pregnant women who have been waiting for the unadjuvanted vaccine can get the vaccine directly at the clinic and don't need an appointment.
